

BOEING**KB-50**

Mfr.	BOEING	Max. Speed (Knots)	350
Wing Span	141.2'	Service Ceiling (Ft.)	23,000 plus
Length	99.2'	No. & Type of Engines	4 Piston
Combat Weight (Lbs.)	107,500	Model No.	R-4360
Max. Range (Naut. Miles)	5,600 plus	Mfr.	P & W
Crew No.	6	Rating Each	3,500 hp.

The KB-50, tanker version of the B-50 Superbomber, differs very little from the B-29/KB-29 aircraft from which it evolved. It can be identified by its considerably taller and larger vertical stabilizer; larger engine nacelles, each extending aft of the wing; and the slightly modified wing trailing edge.
