Dear Ferdie:

We are putting through a check in the amount of \$125 for you, which represents one-half of the amount received by us from Army occupation authorities in Germany for the right to arrange for publication in the German language of your USDA. As I figure it, this will permit ten new pairs of shoes for the kids, two-thirds of a coat for the wife, or one sack suit for the old man! Congratulations to you for the recognition and the cash nexus.

Cordially yours,

Savio Lottinville
