

UNIVERSITY OF OKLAHOMA PRESS

PUBLISHING DIVISION OF THE UNIVERSITY : NORMAN, OKLAHOMA

October 31, 1947

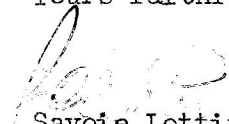

Dear Ferdie:

Many thanks for permitting us to put your manuscript of the USDA in the permanent manuscript files of the University of Oklahoma for preservation and use (possibly by young Ph.D. candidates 25 or 50 years from now).

On the German edition of your book, I sincerely wish that we had another copy to send you, but the occupation authorities could send us only two, one of which went to our permanent files, the other to you. It looks as if Pete will have to come over to your house these winter evenings, and read there under your watchful eye.

With cordial good wishes,

Yours faithfully,

Savoie Lottinville
