Dear Ferdie:

We appreciate your presence at the dedication ceremonies in Wagoner on January 17. Your participation in the ceremonies added to the effectiveness of the dedication.

I particularly enjoyed Senator Bellmon's public comment to you that getting an idea through the Federal bureaucracy in 31 years was about as good as you could expect.

I am hopeful that the good publicity that has been given our ceremonies at Wagoner will accelerate acceptance of the idea in other locations throughout Oklahoma.

Sincerely,

A handwritten signature in cursive script, reading "Harold V. Hunter".
