Dear Mr. Deering,

I would like to thank you for writing the history of the Okla. Farm Bureau and sending me a copy. It fills a gap in the knowledge about my father, I am delighted to have. - A great Christmas gift.

Mom continues to do well in Okla City and we get up monthly to see her. She has a companion living with her now - a comforting arrangement to us.

I'm retiring from Procter and Gamble at the end of this year - after 34+ years and hope to complete some private projects like yours. Regards,

Bob Roberts

Dear Ferdie:

I received the story of
the Oklahoma Farm Bureau, also
your very nice letter with further
suggestions for our Flying Farmer
History.

I do so much appreciate
your taking time from your very
busy world to give me this much
needed assistance. I am pleased
to have your book and very eager
to read it. I like the cover very
much and its attractive and surely
very adequate.

Thank you so very much
for your much needed interest in
this project. Friends are the
most wonderful people in the whole
wide world.

You and Mr. Daring must
come down to the Short Run country
for a visit - I'm hopeful, very soon.

Sincerely,
Broneta Evans

Dear Ferdie:

I have read your book -- FROM the GRASSROOTS UP.

It includes rather more Oklahoma history than I had anticipated.

I am amazed at the great number of names you brought into focus. The fact I knew so many of them added interest to your book.

You did a swell job. My congratulations. I suspect, however, that, like my own literary efforts, The DEAN: The Life Story of Juline C. Monnet, it was not a best seller.

It was thoughtful of you to send me a copy.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dave", with a long horizontal flourish extending to the right.
